| Important Questions   | Answers   | Why This Matters:   |
|---|---|---|
| What is the overall deductible?                                     | In-network providers \$2,000 individual / \$4,000 family (\$2,000 per family member). In-network family deductible is embedded. Out-of-network providers \$10,000 individual / \$20,000 family. | Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family deductible.  |
| Are there services covered before you meet your <u>deductible</u> ? | Yes. Preventive care services are covered before you meet your deductible.  | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain preventive services without <u>cost-sharing</u> and before you meet your deductible. See a list of covered preventive services at <u>www.healthcare.gov/coverage/preventive-care-benefits/</u> .   |
| Are there other <u>deductibles</u> for specific services?           | No.   | You don't have to meet <u>deductibles</u> for specific services.  |
| What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?       | In-network providers \$4,000 individual / \$8,000 family (\$4,000 per family member). In-network family out-of-pocket is embedded. Out-of-network providers Not applicable.                     | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. There is no <u>out-of-pocket limit</u> for out-of- <u>network providers</u> .   |
| What is not included in the out-of-pocket limit?                    | Premiums, balance-billing charges, and health care this <u>plan</u> doesn't cover.  | Even though you pay these expenses, they don't count toward the out-of-pocket limit.  |
| Will you pay less if you use a network provider?                    | Yes. See <a href="www.aetna.com/asa">www.aetna.com/asa</a> or call 855.451.8365 for a list of <a href="network providers">network providers</a> .   | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan</u> 's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a referral to see a specialist?                         | No.   | You can see the specialist you choose without a referral.   |

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.
