Important Questions	Answers	Why This Matters:
important Questions	In-network providers: \$7,900 individual/\$15,800	
What is the overall deductible?	family. Out-of- <u>network providers</u> : \$10,000 individual/\$20,000 family.	See the Common Medical Events chart below for a summary of coverage provided by this <u>plan</u> . For some services, a <u>copayment</u> or payment toward the out-of-pocket may apply.
Are there services covered before you meet your deductible?	Yes. In-network preventive care services, office visits (primary and specialty care), on-line care through Gravie's telemedicine service provider, labs and related imaging work, urgent care visits and generic prescriptions are covered at no cost. The no cost portion only applies to labs/imaging related to the office visit.	This plan covers some items and services even if you haven't met the deductible amount. For example, this plan covers certain preventive services without cost-sharing. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/. Copay/coinsurance may apply to some services. If you participate in your employer's Health Reimbursement Arrangement (HRA), the HRA will pay for or reimburse you for certain, qualified medical expenses for amounts under the deductible, up to the balance available in your HRA.
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?	In-network providers: \$7,900 individual / \$15,800 family (\$7,900 per family member). Out-of-network providers: Not applicable. For ease of reference, your out-of-pocket maximum will be referred to as OOPM through this document.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. The in-network OOPM is the same as the deductible. There is no <u>out-of-pocket limit</u> for out-of-network providers.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See <a href="www.aetna.com/asa">www.aetna.com/asa</a> or call 855.451.8365 for a list of <a href="network providers">network providers</a> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan</u> 's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist?</u>	No.	You can see the specialist you choose without a referral.

All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.
