A benefits program you can be proud of

Thrill your employees with health benefits that provide coverage and eliminate confusion. With Comfort, your employees will trust that you have their health and happiness in mind.

Cost certainty

Set a benefits budget that works for your business. With most common healthcare services, generic prescriptions and virtual care fully covered, your employees will have fewer healthcare expenses.

Peace of mind

You get peace of mind that your employees have health benefits they can actually use, and they can feel confident knowing they can get care when they need it.

How it works

Employees choose their out-of-pocket maximum from options you choose to present, and they get care when they need it. When employees utilize healthcare services in healthy ways, they require fewer high-cost services.
